

# Taking a look at the vendor classes

Check out the vendor classes on the CD-R. These should give you some idea of the interfaces of the objects we need to control from the remote.

It looks like we have quite a set of classes here, and not a lot of industry effort to come up with a set of common interfaces. Not only that, it sounds like we can expect more of these classes in the future. Designing a remote control API is going to be interesting. Let's get on to the design.
